Taliesin 100 Years  
Resolution....

**Relating to: Commemorating Frank Lloyd Wright's Taliesin for its 100 year anniversary.**

**Whereas**, Wisconsin native and Spring Green resident Frank Lloyd Wright was an iconic American architect that designed some of the world's most beautiful and innovative buildings.

**Whereas**, Frank Lloyd Wright was born in Richland Center, worked in Madison, and eventually settled in Spring Green; this was the location of his residence, Taliesin.

**Whereas**, Wright chose the name "Taliesin", which is Welsh for "shining brow". The location of Taliesin is positioned on the brow of the hill, rather than on the peak so that Taliesin would appear as though it arose naturally from the landscape

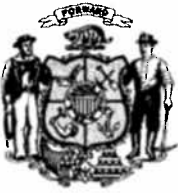

**Whereas**, Taliesin has been called the "greatest domestic space in America", spanning over approximately 112,000 square feet in six original buildings in Spring Green, Wisconsin.

**Whereas**, Wright used Taliesin to explore organic architecture; Using local limestone and sand from the nearby Wisconsin River, he built the chimneys and stone piers from these natural materials.

**Whereas**, Celebrating its 100<sup>th</sup> year in 2011, Taliesin was built in 1911 and was the personal residence of Frank Lloyd Wright from 1911 to 1959; **now therefore be it**

**Resolved by the assembly, senate concurring, That** the members of the Wisconsin State Legislature commemorate the 100<sup>th</sup> anniversary of Taliesin and its owner and architect Frank Lloyd Wright; **and, be it further**

**Resolved, That** the Assembly Chief Clerk shall provide copies of this resolution to the Taliesin Preservation, Inc.
